Objective: Enthusiastic **Software Developer** with a strong foundation in **web development** and **problem-solving**. Skilled in **PHP, JavaScript, React.js, Node.js, and MySQL**, with experience in building responsive web applications. Familiar with **Git and RESTful APIs**. A quick learner, passionate about technology, and eager to contribute to innovative projects.

Educational Qualification

Name of the Examination	Name of the Board	Year of Passing	Percentage/CGPA
BCA	M.A.K.U.T (W.B)	2025	8.42 CGPA
Higher Secondary	W.B.C.H.S.E	2021	78%

Present Course Undergoing:

Bachelor of Computer Applications (BCA)

Technical & Soft Skills:

1. Understanding of Website Development (HTML, CSS, JavaScript, React.js, Node.js, Express.js)
2. Database Management (MySQL, MongoDB)
3. Version Control & Collaboration (Git, GitHub)
4. RESTful APIs
5. Python
6. Effective Communication & Negotiation
7. Problem Solving & Decision Making
8. Quick Learner, Self-Motivated & Team Player

Project Knowledge:

1. Title: [TRIDHARA – E-COMMERCE WEB APP](#) (Running)

Brief: “ Developed **Tridhara**, a full-stack e-commerce website using the MERN stack (MongoDB, Express.js, React.js, Node.js) with a responsive and dynamic user interface. Implemented **user authentication**, allowing users to **sign up, log in, and log out** securely. Integrated an **admin panel** to manage products efficiently, enabling admins to **add new products and delete old ones**. Included an **add-to-cart functionality**, ensuring a smooth shopping experience. Focused on backend efficiency and optimized API performance for seamless data handling and fast load times across devices. “

2. Title: [GROCERY STORE WEB APP](#) (Running)

Brief: “ Developed a responsive grocery store website using HTML5, CSS3, and JavaScript, integrating modern design principles to create an intuitive and user-friendly interface that enhances user experience (UX). Focused on achieving cross-browser compatibility and optimized performance to deliver a seamless experience across various devices, ensuring accessibility and smooth functionality for all users. “

3. Title: [SPOTIFY CLONE](#) (Running)

Brief: “ Developed a fully functional Spotify clone using HTML, CSS, and JavaScript, showcasing playlists and song playback features to simulate a real-world music streaming experience. Designed an interactive user interface (UI) with responsive elements, ensuring smooth navigation and compatibility across devices to deliver a seamless user experience (UX). “

Hobbies:

- 1. Writing Daily Journal
- 2. Meditation

Other Achievements:

- 1. [Course in Web Designing using HTML 5 & CSS 3](#)
- 2. Soft Skill Training (Techno India Hooghly || January 2024)
